

## PAR EverServ® 12” Customer-facing Display

**Generate incremental revenue with customer-facing digital promotions and suggestive selling.**

The EverServ 12” Customer-facing Display is a perfect complement to PAR EverServ 6000 and 2000 POS terminals. The display can be used to communicate a plethora of information to your customers while their order is being processed, including: order confirmations, advertisements and promotions for new products, and up-sell software applications that increase revenues.

The 12” display is compatible with PAR EverServ® QSR, PixelPoint, and Heritage POS software and can be retrofitted to your existing PAR EverServ® 6000 or 2000 POS terminals. The display panels provide 20° tilt and are mounted rigidly to the customer side of the POS terminal. The displays can also be ordered as a separate feature for new EverServ 6000 or 2000 orders.

“The screen size is perfect because we can partition the screen and show the customer order and ads at the same time. The PixelPoint POS software makes it really easy to modify and update the customer-facing screens.”

Kirk DeJac, Owner, Zookie’s Frozen Yogurt

ParTech, Inc. (PAR), a wholly owned subsidiary of PAR Technology Corporation, has built its more than three decades of success around delivering advanced point-of-sale and enterprise back-office solutions for restaurant operators worldwide. PAR has provided hardware, software and services to the world's largest restaurant chains and their franchisees for more than 30 years. The Company's extensive offerings are backed by PAR's global service network and its Boundless Hospitality® vision for enhancing restaurant operations in a new era of dining out. The Boundless Hospitality vision drives the development of game-changing solutions, and is supported by a partner ecosystem that accelerates innovation more quickly than possible for any single company working independently. The Company has more than 50,000 installations in 110 countries worldwide. In addition to solutions for the restaurant industry, PAR products are improving the customer experience in retail, including the cruise, hotel, casino and entertainment industries. For more information visit the Company's Web site at [www.partech.com](http://www.partech.com).
