# EverServ®
## Kiosk 6000

**Offer Customers convenience and faster service with the PAR EverServ® Kiosk 6000.**

The EverServ Kiosk 6000 has a sleek design to meet the growing consumer demand for self-service convenience while complementing virtually any environment. The kiosk can be used for a variety of applications including ticketing, self-service point of sale, self-check in as well as informational based applications.

The Kiosk 6000 features a new 15" high bright LCD display with proven touch screen technology and printer options including durable fan-fold ticket stock for tickets or thermal receipt printer for receipts.

### Sleek Deign

The Kiosk 6000's sleek design demands notice. With its compact and contemporary styling it's a great fit for any environment. Its small footprint and built-in Wi-Fi allow for optimal placement.

### Durability

The Kiosk 6000 chassis is built from thick gauge steel with a scuff resistant finish inside and out to increase the total lifespan of the unit.

### Promotion and Profitability

The Kiosk 6000 is designed to be a multi-featured yet simple to use kiosk. It features multiple promotion options such as integrated hi-definition speakers and an omni-directional bar code scanner to expand the kiosk's capabilities.
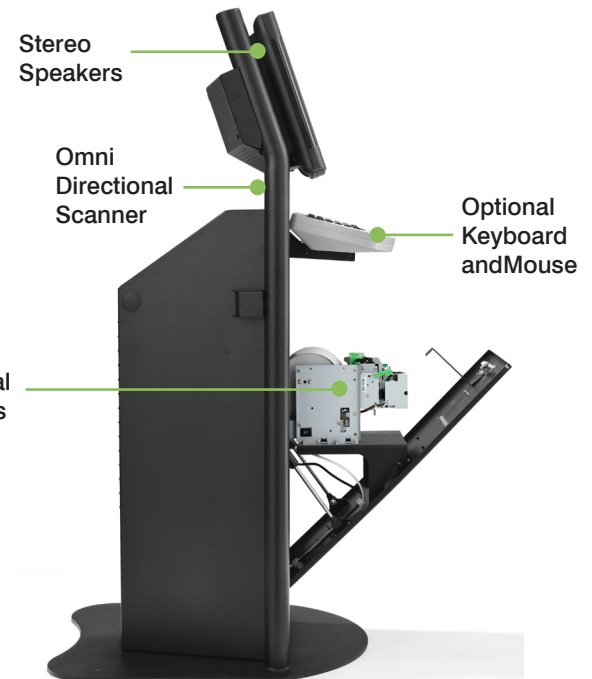

## Solutions Beyond the Expected.
